

## ADVANCE NOTICE TO WAIVE COMPETITION

The purpose of an Advance Notice to Waive Competition (ANWC) is to inform the supplier community and the public that Miami-Dade County intends to enter into a noncompetitive contract to purchase certain goods and/or services as identified in the synopsis (see link below). While the County is not required to provide an ANWC, we believe this information will: enhance transparency in County procurement; foster full and open competition; and provide potential suppliers an opportunity to submit a statement of capabilities to meet the specified requirements. Qualified and responsible suppliers are encouraged to submit a statement of capability to the Procurement Agent or Contracting Officer identified in the synopsis.

**DISCLAIMER:** This service is provided for convenience only and does not serve as a guarantee of notification. Potential suppliers are encouraged to submit a statement of capabilities. However, the County, in its sole discretion shall determine if to proceed with a waiver of competition and enter into negotiations with the pre-identified supplier. The synopsis below may be the only notice of this action. Requestor: (Agency, Institution, Division, District, or Office, as appropriate)
